

NACO E-Line

October 8, 2021

A Message from NACO's Deputy Director

Good morning,

We have received communication from NACo regarding the U.S Treasury's revision of the timeline for counties to submit their Project and Expenditure Reports for the Fiscal Recovery Fund (original deadline was October 31, 2021).

Please see below for key points:

- Due to the comments and feedback gathered during the Interim Report and Recovery Plan Performance Report process, Treasury is revising the deadline for the submission of the first Project and Expenditure Report.
- Project and Expenditure Reports will now be due on January 31, 2022 and will cover the period between award date and December 31, 2021. This is a change from the previously communicated October 31, 2021 due date for the Project and Expenditure Report.
- Further instructions will be provided at a later date, including updates to existing guidance as well as a user guide to assist recipients to gather and submit the information through Treasury's Portal.

Please visit the Treasury's website at www.Treasury.gov/SLFRPReporting for the latest information.

Thank you!

Candace Meredith

Your County, Through the Lens

Every E-Line will feature a photograph submitted by one of our readers of their county.
